WHAT IS KNITTING?

Knitting is crafting of yarn or woolen thread with the help of 2 needles. Knitting is not only a hand made craft but can also be done on a machine.

Hand knitting is the oldest and the most beautiful fine art of knitting. There are number hand knitting methods and styles .There are many innovative styling's that can be done in hand knitting.

Knitting produce some of the most unique designing, while in most cases the end product is usually the same types of styles you see (like in sweaters, scarves, etc) but in some cases innovative use of kitting can produce a very unique and extraordinary end product.

Knitting is an art in itself, a skill of crafting yarn or woolen thread into a piece of cloth. Knitting and crochets are nearly of the similar kind, in both these techniques stitches or loops are pulled through each other.

The only basic difference between knitting and crochet are the tools used in them, for knitting the minimum of two kitting needles are required, whereas in crochet, a crochet hook is sufficient tool required. In kitting multiple stitches or loops are used where as in crochet only single loop is made.

Knitting is a wonderful craft; it can not only yield lovely cloth but can be a pleasurable activity. Hand made knits are the most beautiful piece of fine art which ca be made for oneself as well as for your family and friends.

Knitting is a fine art of converting yarn into cloth, a knitted wear is a mixture of yarns its texture its color scheming and lots of time of the knitter.Knitting is a combination of yarn and handwork, the knitter hard work passion for knitting thoughts feeling everything together knit out a wonderful piece of knit wear.

Knitting is a passionate hobby, which needs the knitter to have fun while performing it. As with any other hobby one must enjoy doing it only then will you sustain the love for this new found pleasure.

Find a comfortable corner of your house with sufficient natural light, especially where you love spending time, settle down In a comfortable chair or sofa. Make yourself completely comfortable before knitting.

As with any new hobby, knitting too requires endurance and determination. If you go wrong anywhere, relax take a deep breath and start again.

As they say Knitting is an art, which needs to be done with love, so do, it with love and it will definitely show.

History of Knitting

For decades, we have seen our Grand mothers our Grand Aunts, our Mothers, sitting comfortably on the large sofas and knitting sweaters for us while chatting away or humming the sweetest of songs ever heard.

For the last 200 years knitting as a craft has been very popular, some time ago retailers tried ad venting machine knitted wear which were cheaper but as fashion comes and goes they too came and disappeared ,but could not counter any competition to this hand made art.

One of the earliest memories of knitting was in the end of millennium AD, a fine pair of well decorated and knitted socks in Egypt. Paris was the first country to recognize and honor this art, and started the first Knitting Trade Guild in 1527.

Hand knitting for many is more a social activity than a professional activity. In recent times a sudden resurgence of knitting, has led to a sudden rage where millions of women have now shown a sudden interest in this dieing art.

The Craft Yarn Council of America has announced an increase of 150% knitters comprising in the age group of 25-35 years in 2002 to 2004.

Numerous groups and communities have now surfaced to further strengthen the revival of knitting.

Online communities as well as social networking have introduced knitting as a modern art. Online groups like Yahoo! Are becoming quiet popular, here knitters are getting a chance to share tips techniques, patterns with their other fellow knitters spread across the Globe.

Suddenly people are discovering this art as leisure and taking pleasure in pursuing it as a hobby, which they can enjoy with their families.

Knitting get-together have become a sudden frenzy in some parts of America and Canada.

At times, this craft does look intimidating to a new learner, but if you see an experienced knitter you will realize once trained, this craft can be easily mastered and in no time you will be knitting as well as your Grand mothers and Mothers.
